THE PENSION RIGHTS CENTER'S GUIDE TO USING TWITTER TO REACH POLICYMAKERS

We've created this guide to help you learn how to use Twitter to contact members of Congress, policymakers and the media about issues related to your retirement security.

Twitter is fun, easy and interactive. It'll take no time to set up.

WHAT IS TWITTER?

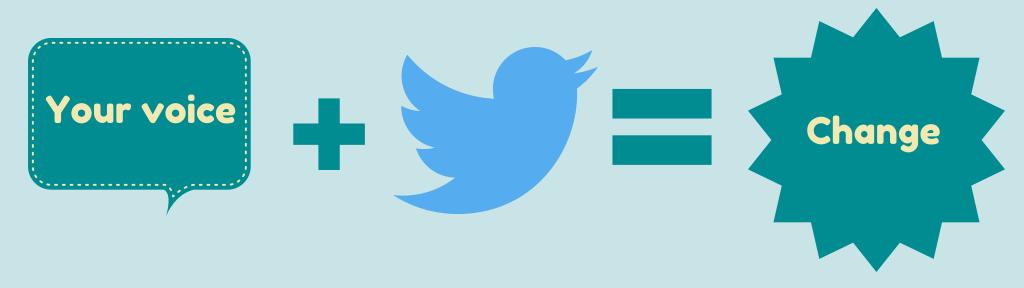

Twitter is a social media platform that allows people to express their opinions in 140 characters or less

WHAT IS A TWEET?

A tweet is your thought expressed in 140 characters or less. Tweets can include images and hashtags.

WHY SHOULD I USE TWITTER TO REACH POLICYMAKERS?

Your voice can make change happen!

THE OBJECTIVE

TWEET YOUR CONCERNS

Tweet about what matters to you. In this case, you will be tweeting about your retirement security.

INVOLVE OTHERS

Ask your family, friends and others for their support.

SAVE YOUR PENSIONS

Using Twitter will move us a step closer to repealing MPRA and saving retiree pensions.

WHAT IS A TWEET?

A **tweet** can include any of the following: **text**, a **tag**, a **hashtag**, an **image** or a **link**.

Each element of a tweet contributes to the overall success of that tweet. The substance of your tweet is the text.

Example: "Keep the pension promise. #RepealMPRA #PassKOPPA."
